version 1.8

(Submission #: HQ6-EFD4-Y35E3, version 1)

Digitally signed by:
Entrust Certification Authority - L1K
Date: 2024.09.19 14:39:22 -0500
Reason: Copy Of Record
Location: Nashville, Tennessee

Details

Submission Alias NPDES MS4 Annual Report -- Shared Access KR & SD

Submission ID HQ6-EFD4-Y35E3

MS4 Owner Name Hawkins County

Form Input

General Information

Permit Number

TNS075574

MS4 Owner/Operator (e.g. City of ...)

Hawkins County

County

Hawkins

Reporting Period

Per subpart 5.1

- The Annual Report shall cover the period beginning on July 1st and ending on June 30th;
- The Annual Report shall be due on September 30th after the end of the reporting period.

Reporting Period Start Date

07/01/2023

Reporting Period End Date

06/30/2024

MS4 Population At NOI Submittal

10,001 = Population = 25,000

MCM 1: Public Education

Below report on the educational activities completed during the reporting year. Delete unused rows (click X at end of row). Add rows (add row button on bottom of table) to report add activities.

Provide the number of activities completed during the reporting year for the Public (Subpart 4.2.1.1. of the permit).

0

Provide the number of activities completed during the reporting year for the Engineering and Development Community (Subpart 4.2.1.2. of the permit).

0

In the Permit, the question below is phrased "How many employees (that are new to the MS4 or new to the job category) have NOT been educated in accordance with the in accordance with the permit sub-part 4.2.1.3 within 6 months?" In order to make this calculation, count how many employees are new to the MS4 or their Job Category. Subtract the number of employees that were trained in accordance with the PIE plan within 6 months. That result is what is reported in this field. If no employees with applicable job categories/responsibilities hired in this reporting cycle, enter 0.

For new employees: provide the total number of employees NOT educated in accordance with the PIE plan within 6 months?

20

For existing employees: provide the total number of employees NOT educated in accordance with the PIE plan within the permit term.

20

A population of 10,001 = Population = 25,000 at NOI submittal was selected in the General Information Section. Per Subpart 4.2.1.1. the MS4 is required to conduct one (1) activity during the reporting year addressing each of the four (4) management measures for the public. A single activity may address multiple management measures.

You may need to use the scroll bars to view the whole table.

To Add a Row - Click Add Row near the bottom right of the table

To Delete a Row - Click the "X" at the far right end of the row.

Column Descriptions

Target Audience (This column is fixed and cannot be changed.)

Activity Description: (Provide details as to the specific activity that was conducted.)

Management Measure: Impacts on Water Quality (Select Yes if the activity listed in this row addressed the 4.2.1.1.a.General awareness of the impacts on water quality.)

Management Measure: SCM/BMP Maintenance (Select Yes if the activity listed in this row addressed the 4.2.1.1.b. Awareness of the importance of maintenance activities for operators of permanent Best Management Practices (BMPs)/Stormwater Control Measures (SCMs).)

Management Measure: Storage, Use, Disposal of Fluids (Select Yes if the activity listed in this row addressed the 4.2.1.1.c. Awareness of the proper storage, use, and disposal of pesticides, herbicides, fertilizers oil and other automotive-related

fluids.)

Management Measure: Illicit Discharges (Select Yes if the activity listed in this row addressed the 4.2.1.1.d. Awareness of identifying and reporting procedures for illicit connections/discharges, sanitary sewer seepage, spills, etc.)

Date of Activity (Enter the date the activity took place. If the activity took place across multiple days enter the Date of the first day of the activity.)

Specifically Targeted Audience (This column is used to provide more details as to the audience the activity was targeting e.g. school age children, Homeowners with SCMs) A broad based event such as tabling at a festival may list general public as the specifically targeted audience.

of Audience (Enter the approximate number of individuals that were reached with this activity.)

Sponsored Activities (Identify if the event sponsored monetarily e.g. money or as a donation in kind e.g. goods or services by the MS4 program. If it was not a sponsored activity, leave N/A in the cell.)

Provide the status of your MS4 program's public education and outreach activities for the Public audience during the reporting period.

Comment

Hawkins County is subscribed to TNSA and benefits from Public Education and Outreach efforts they provide.

Notes:

The County's Stormwater Coordinator was tasked with reaching out to area developers and informing them of the new stormwater permit requirements. The Coordinator unfortunately passed away unexpected in early 2024 with little record of the work that had taken place. A new Coordinator has been hired and will make these connections in Fall of 2024.

MCM 2: Public Involvement And Participation

Below report on the involvement/participation activities completed during the reporting year. Delete unused rows (click X at end of row). Add rows (add row button on bottom of table) to report add activities.

Is your Stormwater Management Program Plan documentation available online?

Yes

Provide the web address for the Stormwater Management Program plan documentation

https://hawkinscountyttn.gov/stormwater_mgmt.html

Was the MS4 program documentation formally placed on public notice during the reporting year?

Yes

Provide a copy of the public notice and response to comments.

[notice.pdf - 09/19/2024 01:54 PM](#)

Comment

Meetings and agendas for the planning commission and environmental committee were listed.

Planning Commission members have agreed to act as a citizens advisory committee. As such, the Planning Commission participates in the development and adoption of required documents.

Subpart 4.2.2. requires the following in the annual report

Detail applicable changes as directed in subpart 4.4.1

This requirement will be located in the Program Modifications Section

Is information for all construction site projects accessible to the public?

No

Number of comments received from the public on construction site projects.

0

Are all comments from the public on construction site projects considered?

Yes

Number of reports (or complaints) during the reporting period received from the public via public reporting system (IDDE reports)?

0

Provide the number of activities completed during the reporting year for the General Public (Subpart 4.2.2.1. of the permit).

0

Provide the number of activities completed during the reporting year for the Commercial and Development Community (Subpart 4.2.2.2. of the permit).

0

A population of 10,001 = Population = 25,000 at NOI submittal was selected in the General Information Section. Per Subpart 4.2.2.1. the MS4 is required to conduct one (1) activity during the reporting year addressing each of the four (4) management measures for the general public. A single activity may address multiple management measures.

You may need to use the scroll bars to view the whole table.

To Add a Row - Click Add Row near the bottom right of the table

To Delete a Row - Click the "X" at the far right end of the row.

Column Descriptions

Target Audience (This column is fixed and cannot be changed.)

Activity Description: (Provide details as to the specific activity that was conducted.)

Management Measure: Pollution Prevention (Select Yes if the activity listed in this row addressed the 4.2.2.1.a Pollution Prevention Management Measure.)

Management Measure: Impacts on Water Quality (Select Yes if the activity listed in this row addressed the 4.2.2.1.b. Impacts on water quality or local stormwater management issues.)

Management Measure: Storage, Use, Disposal of Fluids (Select Yes if the activity listed in this row addressed the 4.2.2.1.c. Storage, use, and disposal of household hazardous waste, automotive related fluids, pesticides, herbicides, and fertilizers use.)

Management Measure: Illicit Discharges (Select Yes if the activity listed in this row addressed the 4.2.2.1.d. Identifying and reporting procedures for illicit connections/discharges, sanitary sewer seepage, spills, etc.)

Date of Activity (Enter the date the activity took place. If the activity took place across multiple days enter the Date of the first day of the activity.)

Specifically Targeted Audience (This column is used to provide more details as to the audience the activity was targeting e.g. school age children, Homeowners with SCMs) A broad based event such as tabling at a festival may list general public as the specifically targeted audience.

of Audience (Enter the approximate number of individuals that were reached with this activity.)

Sponsored Activities (Identify if the event sponsored monetarily e.g. money or as a donation in kind e.g. goods or services by the MS4 program. If it was not a sponsored activity, leave N/A in the cell.)

Provide the status of your MS4 program's public involvement/participation activities for the General Public audiences during the reporting period.

MCM 3: Illicit Discharge Detection & Elimination (IDDE)

Is the storm sewer map available through Spatial Rest Services?

No

Attach Most Recent Copy of Storm Sewer Map in accordance with subpart 4.2.3

Co Storm Sewer System Map 11.1.22.pdf - 09/12/2024 08:35 PM

Comment

NONE PROVIDED

The number of potential illicit discharges reported by the public.

2

The number of potential illicit discharges reported by internal personnel.

0

Total number of potential illicit discharges reported (from any source) that are under investigation at the time of the annual report.

0

Number of identified illicit discharges

0

Total number of non-stormwater discharges or flows investigated.

0

Significant Contributor of Pollutants to the MS4

1.3.3.2. Non-stormwater Discharges

The permittee is authorized to discharge the following non-stormwater sources provided that the permittee has not determined these sources to be significant contributors of pollutants to the MS4:

- Water line flushing
- Landscape irrigation
- Diverted stream flows
- Rising ground waters
- Uncontaminated groundwater infiltration (Infiltration is defined as water other than wastewater that enters a sewer system, including sewer service connections and foundation drains, from the ground through such means as defective pipes, pipe joints, connections, or manholes. Infiltration does not include, and is distinguished from, inflow.)
- Uncontaminated pumped groundwater
- Discharges from potable water sources
- Foundation drains
- Air conditioning condensate
- Irrigation water
- Springs
- Water from crawl space pumps
- Footing drains
- Lawn watering
- Individual residential car washing
- Flows from riparian habitats and wetlands
- Dechlorinated swimming pool discharges
- Street wash water
- Discharges or flows from firefighting activities

Subpart 8.1 Definitions

Significant Contributor is defined as a source of pollutants where the volume, concentration, or mass of a pollutant in a stormwater discharge can cause or threaten to cause pollution, contamination, or nuisance that adversely impact human health or the environment and cause or contribute to a violation of any applicable water quality standards for receiving water.

MCM 4: Construction Site Stormwater Runoff Pollutant Control

For reporting construction activities in this section, count all activities e.g., projects, sites that were active during the reporting period. It is understood that activities will overlap multiple reporting years. For example: If a project plan is submitted and reviewed in reporting year 1, that plan review will go only on the report for that year. If that same project begins construction in reporting year 2, it would be included in the year 2 report for active construction activity, but not the year 1 report. If a construction activity is terminated in the beginning of a reporting year before the first inspection for that reporting year is required, that activity may be left off the count.

Identify if the regulatory mechanisms for construction site runoff control have been updated to be consistent with the CGP?

Under Development

Please provide more details on the development process

To comply with the new permit a resolution was passed in September of 2024. This has new requirements on enforcement and permanent stormwater inspection and monitoring. Staff will begin working on implementation of the new resolution for the next report year.

Please provide estimated completion date

12/31/2024

Total number of active construction activities (or sites).

0

Number of new development and redevelopment projects reviewed in accordance with established policies and procedures.

0

Number of active non-priority construction activities.

0

Number of active priority construction activities.

0

Total number of active non-priority construction activities with incomplete inventory information.

0

MCM 5: Post Construction/ Permanent Stormwater Management

Has an offsite mitigation program or payment in lieu into a public stormwater fund been developed as outlined in subpart 4.2.5.3.?

No

Did all of the projects approved meet the buffer requirements of subpart 4.2.5.4?

Yes

Does the Stormwater Management Program implement alternative buffer widths?

No

The 2009 scorecard can be found on TDEC's website.

[Water Quality Scorecard](#)

Scorecard

MCM 6: Pollution Prevention/Good Housekeeping For Municipal Operations

Number of applicable Municipal Operations and Facilities under subpart 4.2.6.2.

1

Do all applicable Municipal Operations and Facilities have a O&M Facility Plan?

Yes

Number Municipal Operations Facilities NOT inspected in accordance with the Stormwater Management Program in the previous 12 months.

1

Please note that this question is asking for the number of facilities **NOT** inspected during reporting period.

Stormwater Management Program Modification**Have any municipal facilities covered under this permit been added during the reporting term?**

No

In the table below identify if any changes were made to your Stormwater Management Program during the reporting period.

For minor modifications that add, but neither subtract nor replace, components, controls, or requirements to the Stormwater Management Program provide a description of that modification. - See Subpart 4.4.1.1.a

For minor modifications that replace an ineffective or infeasible BMP, or SCM which is specifically identified in the Stormwater Management Program provide a description of the analysis of why the former BMP was ineffective or infeasible; Expectations on the effectiveness of the replacement BMP or SCM; and an analysis, if applicable, of why the replacement BMP or SCM will ensure the optimization of equipment use. a description of that modification. - See Subpart 4.4.1.1.e

For major modifications that subtract BMPs, SCMs, components, controls, or requirements of the Stormwater Management Program provide a description of the analysis of why the component was ineffective or infeasible; and detailed explanation of why, with the elimination of this component, the Stormwater Management Program will continue to achieve a reduction in pollutants to the MEP and shall not cause or contribute to violations of State water quality standards in the receiving stream. - See Subpart 4.4.1.2.a.

Where any changes were made to the program elements during the reporting period?

Stormwater Management Program Evaluation

Stormwater Management Program Evaluation

In accordance with subpart 4.6.2. The permittee shall conduct an annual evaluation of the Stormwater Management Program to evaluate compliance with the terms and conditions of the permit, including the effectiveness of the BMPs, components, or controls of its stormwater management program, and the status of achieving the measurable requirements in the permit.

Summarize the results of the permittee's annual evaluation of the current Stormwater Management Program.

Hawkins County met most elements in the 2023 Reporting Year. There are some areas for improvement with out reach to the engineering and development community and education efforts with the County's Highway Department.

Identify modifications or replacement of an ineffective activity/control measure/component/BMP.

N/a

Summarize the assessment results, and any modifications and improvements scheduled to be implemented in the next reporting period to improve the program or remedy deficiencies or weaknesses

Training will be conducted with Highway Staff. County Employees with work duties related to spill containment will be identified.

Is MCM 1: Public Education and Outreach on Stormwater Impacts compliant with Permit Requirements?

Yes

Is MCM 2: Public Involvement/Participation compliant with Permit Requirements?

Yes

Is MCM 3: Illicit Discharge Detection and Elimination (IDDE) compliant with Permit Requirements?

Yes

Is MCM 4: Construction Site Stormwater Runoff Control compliant with Permit Requirements?

Yes

Is MCM 5: Post-Construction/Permanent Stormwater Management in New Development and Redevelopment compliant with Permit Requirements?

Yes

Is MCM 6: Pollution Prevention/Good Housekeeping compliant with Permit Requirements?

No

Please Explain

With Mr Pishner's passing, the program missed required county employee training. This will be conducted in spring of 2025.

Is Monitoring Program (subpart 4.6.1.1) compliant with Permit Requirements?

Yes

The following questions are from subpart 5.2 Annual Report Requirements.

Is the permittee compliant with the permit terms and conditions?

Yes

This determination should be made as to the status of the program at the end of the reporting period and the requirements applicable at that date. For example, the permanent stormwater program changes are not required to be implemented until 24 months after the effective date of the permit. So if the MS4 has not yet implemented those changes at the first annual report, they would still be in compliance, if their program meets the previously established requirements.

Please Explain

NONE PROVIDED

Is the permittee relying on another governmental entity to satisfy some of the permit obligations?

No

Enter additional or clarifying information not elsewhere reported in this document.

The Hawkins Co Highway Department has received a block grant to construct buildings and improve the site and place road building supplies under cover. This will improve pollution prevention efforts.

Any other data specifically requested by the Division to substantiate statements and conclusions reached in the Annual Reports.
